

Prof. Evelina Slavcheva, DSc

President of the Bulgarian Academy of Sciences (BAS)

- Master degree in Electrochemistry from University of Chemical Technology and Metallurgy, Sofia, 1986.
- PhD degree from University of Chemical Technology and Metallurgy, Sofia, 1994.
- Research scientist, Institute of Electrochemistry and Energy Systems (IEES-BAS) since 1994.
- DSc Thesis in Electrochemistry, 2010.
- Specialized in Great Britain (National Physical Laboratory, Teddington) and Germany (RWTH-Aachen University)
- Assoc.Professor since 2005 and Full Professor since 2012 at IEES-BAS .
- Elected for Corresponding Member of Bulgarian Academy of Sciences in 2021
- Prominent scientist in the field of electrochemistry and electrochemical materials science with pioneering developments
in electrochemical hydrogen technologies and systems. Her research interests also include corrosion and corrosion protection as well as applications of electrochemistry in medicine and sensors.
- Author of over 100 publications and inventor of 6 registered utility models; h-index 25.
- Head of Center of Competence "HITMOBIL" uniting partners from 10 scientific organizations
